

UNIVERSITY OF IBADAN, IBADAN, NIGERIA
CENTRE FOR CONTROL AND PREVENTION OF ZONOSSES

To: Applicants to the University of Ibadan

Date: June 27, 2013

2013/2014 academic session

SCHOLARSHIP APPLICATION FORM 2014: MASTER OF SCIENCE IN EPIZOOTIOLOGY

The Centre for Control and Prevention of Zoonoses welcomes applications from candidates seeking admission into the Master of Science in Epizootiology programme, Department of Veterinary Public Health and Preventive Medicine at the University of Ibadan in the 2013/2014 academic session. This M.Sc. programme offers unique opportunities for learning and acquiring competence towards improving human-animal disease surveillance in West Africa.

Additional Training Modules: In addition to course work provided in the M.Sc. Epizootiology prospectus, successful candidates will be exposed to training modules in the following areas:

- **Module 1:** “One Health” Risk Mapping and Visualization with GIS
- **Module 2:** Biological Risk Management Information Systems
- **Module 3:** Monitoring and Evaluation of Disease Control in the Ecosystem
- **Module 4:** Indigenous Knowledge, Practice and Global Health Advances
- **Module 5:** Molecular Epizootiology Techniques and Applications in “One – Health”

Programme Duration:

The M.Sc. Epizootiology programme is 18-months (3 semesters) in duration.

Scholarship Benefits: Funding will cover the cost of tuition, accommodation on campus and travel to and from home country (foreign students only). In addition, accommodation within the University of Ibadan campus will be allocated by the Students’ Affairs Division.

Only applicants from the Economic Community of West African States (ECOWAS) are eligible for this scholarship. Each successful candidate will be awarded US\$4,000 (Nigerian citizen) or UD\$6,000 (ECOWAS citizen). Female students are particularly encouraged to apply for this scholarship. CCPZ 2013/2014 application form should be completed and forwarded to the centre.

Deadline for Submission:

Friday, September 6, 2013
